- In collaboration with the project management team, will develop, maintain, and drive the construction schedule to ensure construction project milestones and completion dates are met.
- Manage, schedule, and supervise sub-trades and field employees to ensure work is planned and performed efficiently while providing excellent service and a top notch finished product.

- Demonstrate leadership and ensure that projects are built according to approved construction plans, specifications, design drawings, and applicable codes, and that high-quality standards are maintained.
- Maintain a thorough daily report that accurately tracks site progress, events, inspections, and other relevant information.
- Potentially supervise multiple projects at one time.

Qualifications

The successful candidate is a self-starter who possesses excellent communication skills, is extremely organized, detail-oriented, has a positive attitude and a vast knowledge of construction and trades. Qualifications for the position include:

- A minimum of 10 years' Site Supervisory experience in retail / commercial construction.
- Expertise in reading blueprints.
- Experience with interior fit-ups as well as new commercial building construction.
- Possess highly developed problem solving/decision making skills.
- Have a thorough, hands-on working knowledge of Building Codes.
- Have excellent communication skills and be well-spoken with highly developed listening skills.
- Ability to motivate and manage construction workers effectively.
- Be safety-oriented with a thorough understanding of all requirements and regulations
- Be schedule-oriented with a view to delivering quality finished product on-time and on-budget
- The successful applicant will have up-to-date safety certifications in WHMIS, CSA Supervisors Training, Safety Awareness, First Aid, Working at Heights and Elevated Work Platform.
- Carpentry skills and use of small tools would be a definite asset.
- Travel may be required from time to time - ability to travel nationally.
- Base building experience would be considered an asset.
