

Carpenter – Retail / Commercial Construction

Established in 1989, Terlin has become a leader and innovator in full-service construction for retail, commercial, and institutional clients. Distinguished by their end-to-end approach and unparalleled reputation for quality and reliability, Terlin's state-of-the-art facility houses their custom Millwork shop which provides an exclusive focus on the specialized needs of their clients. From design through construction and service, Terlin handles every aspect of interior construction and delivers outstanding and consistent results.

The Terlin Team is a talented and driven group of experts, trades-people, designers, and project managers. In addition to their skilled partners and sub-trades, Terlin's complete team is made up of close to 200 dedicated individuals – each committed to making customer service and satisfaction their highest priorities. **And they are always looking for great people to join their team!**

The Opportunity

Terlin is currently searching for a fulltime **Carpenter** with retail, institutional, and commercial construction experience to join our team. The environment is fast-paced and growth-oriented – ideally suited for individuals who like to take charge and are driven to build on current successes.

Responsibilities

Working from plans and architectural drawings, the Carpenter is responsible to complete commercial interior fit-up / renovation projects on time and to the highest quality standards in the industry. Specifically, the Carpenter will be responsible for:

- Reviewing plans and ensuring a thorough understanding of the project's specifications and scope;
- Planning, organizing, and executing the work to fit the timelines required by the customer;
- Identifying problems or barriers to finishing the project on time and suggesting solutions;
- Lead, mentor, coach, and train junior employees in the craft of carpentry;
- Ensure safety standards are met and reinforced at all times and notify supervisor of problems or concerns;
- Work within the larger team to create a safe, clean, and efficient workplace.

Qualifications

- A minimum of 3 years of commercial carpentry experience.
- Completion of High School and/or College, Vocational, or Technical Training.
- Trade Certification and Valid Driver's License.
- Safety certifications valid and up-to-date including: Working at Heights, Elevated Work Platform, and WHMIS.
- Able to communicate effectively in English – French would be considered an asset.
- A valid Secret security clearance (or ability to successfully obtain same) is a requirement of the position
- Experience using the construction software Procore would be considered a significant asset
- Ability and willingness to travel periodically
- A valid driver's license is required

What Terlin Has to Offer

Terlin offers employees the opportunity to work on innovative projects alongside dynamic, dedicated, and talented teams who possess a strong drive for success.

Their comprehensive benefits package is designed to meet the demands of each individual's life at work as well as at home. Employees are eligible for coverage under Terlin's benefit plans and are encouraged to participate in any, or all, of their benefit programs. Terlin is an equal-opportunity employer and values diversity and inclusiveness in their company.

Do you have the drive, the experience, and the commitment to excellence to be part of the Terlin Team?

If you think you have what it takes, and would like to join an organization that offers proven corporate leadership, opportunities for career advancement, great team spirit, and a collaborative environment, then let Terlin provide you with an excellent place to work, grow, and excel!
